INDORSE RAIL ROUTE TO PORT

Harbor's Prosperity Is Declared At Stake By Speakers

Proving their sincerity for the development and growth of the whole harbor district, thirty-three boosters from Torrance responded to the call for a large delegation to meet with others at the Council Chambers in Los Angeles last Monday at 2, to lend aid to the Santa Fe Railroad who desire terminals at the San Pedro harbor.

All Los Angeles strongly desires that the City Council speedily permit the Santa Fe railroad to extend its lines into the Los Angeles harbor district, was the declaration of many speakers at yesterday afternoon's hearing at the City Hall by the Public Utilities Committee of the Council on the company's application for a franchise.

Representing the Los Angeles Chamber of Commerce which is strongly behind the Santa Fe's application, was a committee composed of former presidents Sylvester L. Weaver and Maynard McFie, Shannon Crandall and F. P. Gregson. The latter also represented the Associated Jobbers which has heartily approved of the Santa Fe's desire, long ago cherished by the late President Ripley of the railroad, to extend the company's lines to the Pacific ocean at Los Angeles harbor.

McFie Speaks Also endorsing the extension of the railroad is the Torrance Chamber of Commerce, which sent a large delegation of business men to yesterday's hearing, the spokesman of which was City Attorney Briney of Torrance. The San Pedro and Los Angeles Harbor chambers of commerce as well as the Associated Chambers of Commerce of the Fourth Supervisorial District, which includes Long Beach, Hermosa Beach, Manhattan Beach, Huntington Park and other cities in the district, have similarly forwarded resolutions of approval to the Los Angeles City Council.

Minimizes Hazards Thus by opposition, those who are making it are standing in the way of the progress and development of the city and of the harbor. The increased traffic of harbor bound freight trains over our right of way along Slauson ave-

nue will not be heavy for many years to come, and the hazards of existing grade crossings will not be materially increased. When the traffic does develop to the point where public safety demands that these grades be separated, you will not find the Santa Fe opposing the separation. In the twelve miles of our proposed extension from El Segundo to Wilmington, our plans call for the separation of grades at twelve places, including Harbor boulevard, and the cost of the separation of grades will be \$600,000. Other speakers who urged the Council's Public Utilities Committee and Councilman Conaway and Sparks, to make a favorable recommendation on the company's application included Capt. Louis Hansen, F. C. Finkle of the Southwest Chamber of Commerce and City Attorney Briney of Torrance.

M. E. AID

The Ladies Aid of the M. E. Church met Tuesday afternoon at the home of Mrs. J. O. Bishop, of Andreo avenue, with a large attendance. The regular business meeting was held and plans were made to hold an experience social Monday July 31, with a pot luck dinner in connection at the Dominguez sales room on El Prado street. Any one interested is welcome to attend.

KEYSTONES

Business is good, both the Shell and Midway oil men are with us again, land values are going up and numerous buyers are in our midst, we hope everyone will lease their ground soon so we can get a drill started. We can hardly hope for a well until all the leases are safe in the hands of the oil companies.

Mrs. Day reports some half dozen sales last week and Mr. Thomas reports business better every day it looks like Long Beach would have to move over here soon by the way her citizens are buying in Keystone.

Torrance Chamber of Commerce is preparing a Fiesta for August and Keystone folks are invited to join in and make it a big success.

Wm. McClaren capped land prices in Keystone last week by disposing of a part of his property at \$2500 an acre.

The Examiner fell down on the delivery of papers again last Sunday because the local agent did not show up, some bright lad in Keystone ought to grab this job and by giving the people an efficient service he would acquire a good business.

You should begin now to think about the meeting of the local C. of C. that is to held the first Saturday night in August. There will be a petition there that must have the signature of every voter in Keystone. It will be presented to the County Supervisors asking that the low places in all our cross streets be filled and oiled before the fall rains begin. Talk this matter over with your neighbor and get on the job, if you show a lack of interest in this matter you can not expect much in the way of results.

We notice that M. R. Gallimore is working early and late on an addition to his house, it is evident that he is expecting the wife home from her eastern trip very soon. Go to it Marshall a little more speed will do the business.

Messrs Barnes, Getz and Dodos are contemplating moving their houses to the front of their respective places, this will aid in securing lights and phones, eliminating the necessity of an extra pole others should do likewise.

BRIGHTON APARTMENT NEWS

Mr. F. C. Murdock, of Riverside Drive, New York, was a guest for two days last week of his sister-in-law, Mrs. Abe Winters. Mr. Murdock is returning from a four months business trip to the Orient, where he is building a \$20,000,000 railway in China.

Mr. and Mrs. W. G. Arthur of Anaheim have taken an apartment at the Brighton.

Mr. and Mrs. E. Johnson, moved this week to San Pedro.

Mrs. Abe Winters has surely had hard luck since she has been building a new home on Susanna street for her son and wife, Mr. and Mrs. Roy Winters, one hundred dollars worth of lumber, a five dollar roll of electric wire and fifty dollars worth of bath room fixtures have disappeared.
